The School Council discussed the first term of the new Behaviour for Learning (BfL) system at their meeting on Wednesday. Some of the comments included:

"I like getting achievement points because that means you get gold stickers!" Huey Y2

"I like that people are realizing they can change their behavior and I like that you get a chance before you get behaviour points," Frankie Y3

"I like walking around school quietly so other classes can still concentrate on their learning," Rose Y6

"I feel happy when I get an achievement point," Emily Y1

"I feel proud when I get an achievement point because I know I have done good work," Charlie Y4

Harvest

Well done to all the St Chad's children for their wonderful singing at the Harvest Festival yesterday and for their generosity in sharing their food with the Brighthouse Central Food Bank.

Routine Medical Checks/Screening

Every year there are routine medical and screening checks arranged by our local health services. Reception children have vision screening (email already sent to parents) and height and weight measured. Next term, Y6 children have height and weight measured and all children in school are offered nasal flu vaccinations.

Letters will be sent home after half term from the immunisation team regarding the Nasal Flu Vaccination. A response is required for every pupil so please ensure you return the completed form within the deadline set.

Tweet of the Week

St Chads @StChadderbox · Oct 21

Y4 enjoyed sampling some of the delicious 'cake volcanoes' they have created today. They were delicious! Thank you to our 'star bakers'. Our very own showstoppers worthy of an appearance on the Great British Bake Off @BritishBakeOff

The children's homework projects from Y1 to Y6 have been spectacular! Thank you for your support on these. We have selected a sample from each year group to display in the entrance hall so visitors can see a flavour of St Chad's children's wonderful learning.
