

## How to log on to Purple Mash

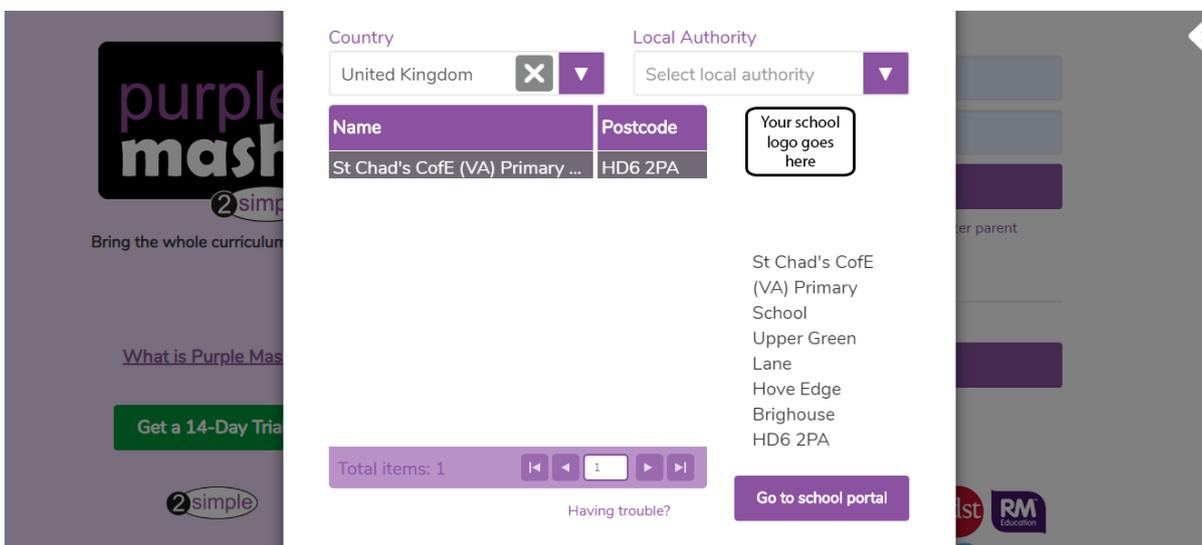

1. Go to [www.purplemash.com](http://www.purplemash.com)
2. Click on the 'Find my school's login page button.'

This image shows the login interface. It features two input fields: "Email" and "Password". Below these is a purple "Log in" button. There are links for "Forgot password?" and "Register parent". Below a horizontal line with "OR" in the center, there is a large purple button that says "Find my school's login page". At the bottom, there is a section for "Integration partners" with several small logos.

3. Search for St Chad's Primary Academy using the postcode HD6 2PA.

4. Select our school and click go to school portal.

5. Input your log in details.

[Not my school, choose another?](#)

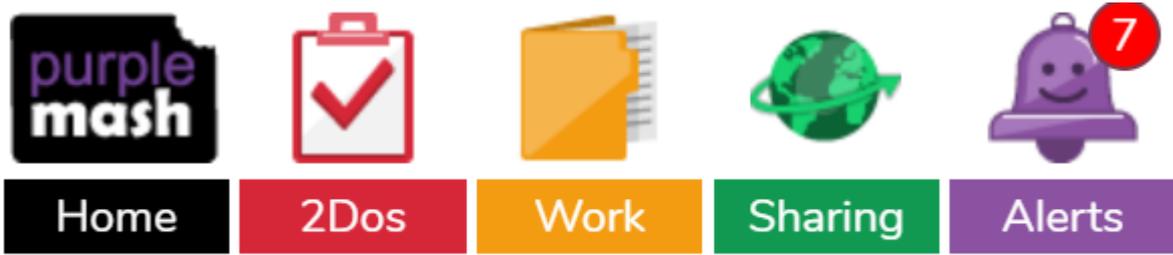

6. You will then be on the home page.

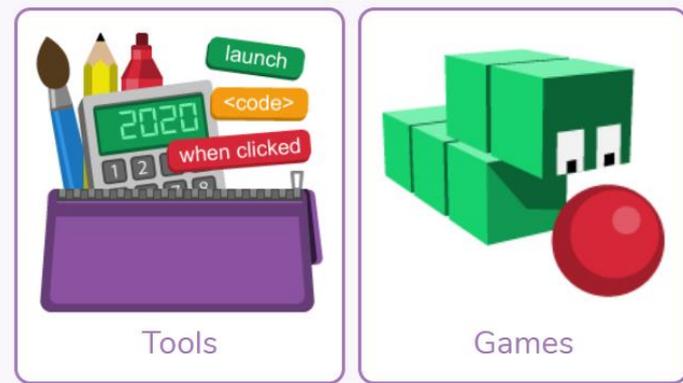

The screenshot shows the Purple Mash home page. At the top left is the Purple Mash logo. To its right are five icons: a red checkmark, a yellow folder, a green globe, and a purple bell with a red '7' notification badge. Below these is a navigation bar with buttons for Home, 2Dos, Work, Sharing, and Alerts. The main header is purple with the word 'Home' on the left, a search bar in the middle, and 'Add filter' on the right. The main content area features a grid of activity tiles: Tools (with a keyboard and 'launch', '<code>', 'when clicked' buttons), Games (with green blocks and a red ball), Mini Mash (with the 'mini mash' logo), Serial Mash (with a book icon and a 'Premium' tag), English (with 'abc' and a pen), Mathematics (with '123' and a compass), Science (with a flask), Computing (with a laptop), Art (with a palette), and Topics (with a collage of images and a pencil).

From here the children can access all the different parts of Purple Mash.

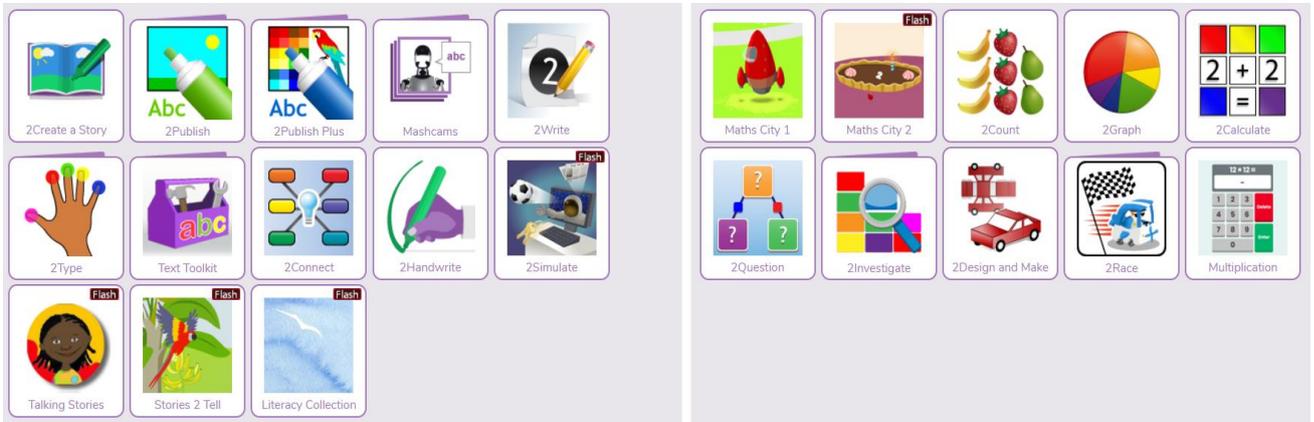

7. Any work set by teachers will appear in the 'Alerts' section and they will have a number appear to say how many alerts they have. These can also be found under the 2Do's tab.

8. Depending on what else the children want to access, they can either click on the games button or the tools button.

The tools button will take them to a page where they can access different programs such as 2Code, 2Calculate, 2Publish. These are Purple Mash's version of Microsoft Office so children can use them to create spreadsheets, leaflets and stories.

The games button will allow the children to access the games where they can practice Maths and English.

Text Toolkit Grammar Games:

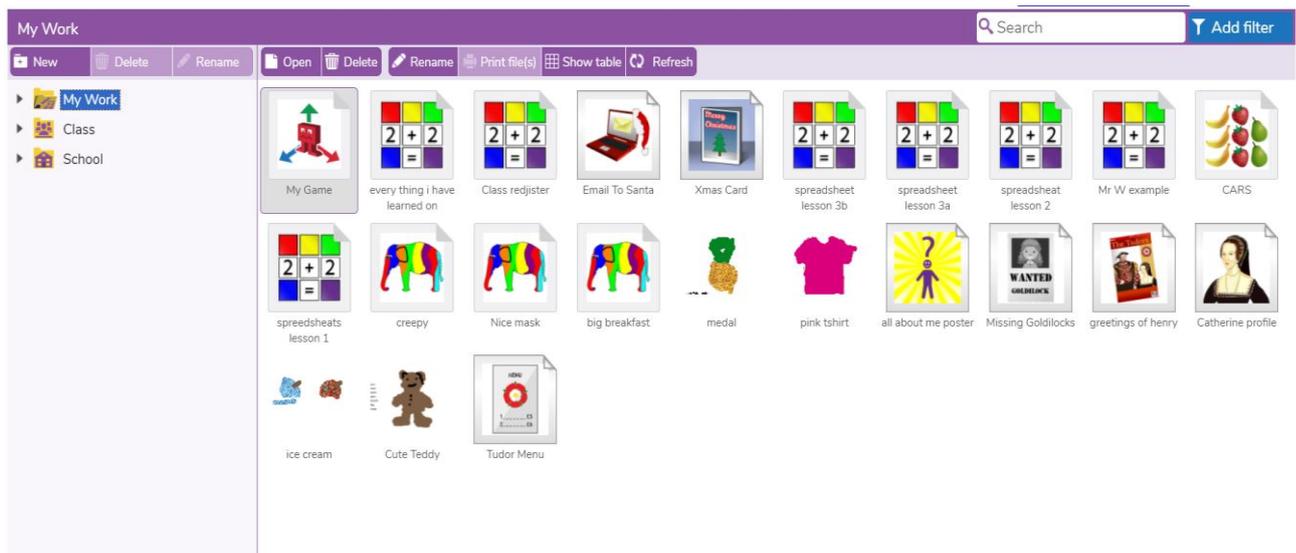

9. Anytime they need to return to the homepage, they can either click the home button in the top left or at the beginning of directory bar.

10. If The children need to access any work they have saved they can click on the Work tab at the top.

This will take them to their area where they can see all of their work.

11. Once they have completed any set work, they will need to click on the 2Do's button at the top and then find the correct piece of work they have done and click 'Hand in'. This will send a notification to the teacher that your child has completed the work and they can mark and give feedback.
