### STRATEGY STATEMENT

***'It is likely to be beneficial to consider how to align chosen approaches with pupil premium spending and broader school improvement priorities' (Covid-19 support guide for schools, Sept 2020)***

Our catch-up plan is written with reference to whole school priorities. They are:

- ✓ The Academy Improvement Plan
- ✓ The Pupil Premium Strategy 2020-21
- ✓ The Academy Self Evaluation

Here is an at-a-glance list of the 11 approaches we are taking to help pupils catch up. These 11 approaches will enable us to:

- ✓ Raise the attainment of all pupils so that we close the gap created by COVID-19 school closures. There will be a particular focus on disadvantaged, SEND and vulnerable pupils who evidence shows are likely to have fallen most behind.
- ✓ Offer support to all pupils, families and the wider community to help them recover from the impact that COVID-19 may have had on their emotional health and well-being.

✓ To fund extra support for those pupils who may struggle to re-engage in school or who are at risk of persistent absence.

1. Curriculum adaptations for all subjects and all year groups.
2. Development of high-quality remote learning resources and a strategy for monitoring meaningful engagement.
3. High quality CPD for staff so that our face-to-face and online lessons are impactful, engaging and accessible to all.
4. Supporting early years' teachers who have missed teacher training or NQT face-to-face teaching time.
5. Strengthening the pastoral team to build capacity to support pupils during and post lockdown.
6. Review of summative and formative assessment so that teachers know where gaps in knowledge are and what curriculum changes may be required.
7. Clearing the pastoral and academic 'clutter' for staff. All critical pupil information is in one place.
8. Ensuring effective transition for all year groups in September 2021.
9. Effective use of the National Tutoring Programme funding.
10. Renewed focus on the literacy and numeracy skills of pupils across school.
11. Community support so that the wider Trinity family copes as well as it can during the pandemic.

This catch up plan is a working, live document. It will be reviewed termly and changes/updates will be made where necessary. The quote below echoes the sentiments of Trinity Academy St Chad's.

***Catching up on lost learning time is a significant, complex and difficult task, which will require ... time, space, and support. We must do more for young people from disadvantaged backgrounds all the time, not through rhetoric but through practical action. (Geoff Barton, ASCL)***

## BARRIERS TO FUTURE ATTAINMENT

### Academic barriers:

A	'School closures are likely to reverse progress made to close the gap in the last decade since 2011'. EEF - Impact of school closures on the attainment gap: Rapid Evidence Assessment (June 2020). We must work even harder to engage, academically and pastorally support and implement timely interventions for our PP pupils.
B	Engagement with remote learning is varied. Some pupils, such as young carers, will not have been able to work effectively at home. Some PP pupils have extenuating family circumstances meaning that they are unable to manage the demands of learning at home. We must use ongoing formative and frequent summative assessment to assess pupil working levels, amend our curriculum maps and daily plans accordingly and track pupil progress.

C	Lost learning time has led to lower literacy levels. Disadvantaged households are less likely to be able to support their child (ren) with their reading at home and decoding of remote learning tasks. A robust, impactful suite of literacy interventions must be available to those who need it. A robust whole school literacy strategy must be a priority so that all pupils are able to build their vocabulary banks back up post lockdown.
D	Lost learning time due to lockdown will have affected our SEND pupils significantly, in particular those with cognition and learning as their key area of need. We want as many SEND pupils to leave us at least the expected level in English and Maths at the end of KS2 so that children are ready for the next step in their learning journey at High School.
E	The recruitment and retention of the very best staff is key to consistent quality first teaching. A lack of consistency can lead to unsettled pupils who prefer to be taught by familiar staff who are experts in their craft. Teaching during a global pandemic has been challenging and we must do what we can to ensure that retention of staff is high priority.
G	The EEF states that middle ability pupils are likely to engage less with remote learning than their peers. Middle ability pupils will need to be tracked closely to ensure that they fulfil their potential.

#### ADDITIONAL BARRIERS

##### External barriers:

H	Lack of access to ICT and a stable internet supply. Despite our best efforts to ensure that laptops and dongles are provided to pupils who need them, there will still have been lost learning time as they awaited this ICT equipment from school. Disadvantaged pupils may also have limited ICT skills and find navigating remote learning challenging.
I	The percentage attendance of pupils could be lower than pre-Covid due to anxiety around the risks of returning to the school building and exposure to the virus. Pupils could have, despite our best efforts, disengaged from school during lockdown and be reluctant to return.
J	'Disadvantaged pupils are twice as likely not to be in education, employment or training and are at a higher risk of poverty as adults'. (DfE, 2015). We must ensure that all pupils (especially our pupil premium pupils) have access to the very transition support and processes when in school and during periods of lockdown so that are ready for the next step in their educational journey at high school.
