Another eco tip for you here from the Eco-Committee!

Did you know about the Scrunch Test?

## THE SCRUNCH TEST

Scrunch your wrapping paper up into a ball

If it stays scrunched it can be recycled (as long as it hasn't got glitter on it)

If it starts to unfurl, it's probably got plastic or metal in it and can't be recycled

### Our approach:

We use a person centred approach, meaning:

- ✓ Support is judgement free
- ✓ We listen
- ✓ We offer empathy
- ✓ We offer unconditional positive regard

I can't speak highly enough of Headway - their exceptional support has been a game-changer for my son. Thanks to their guidance, my son's confidence and self-awareness have skyrocketed, enabling him to effectively manage his neurodivergence both at home and in school. We're incredibly grateful for the positive transformation we've witnessed. I wholeheartedly recommend Headway to anyone seeking meaningful progress and support for their loved ones.
